

2023 Annual May Dinner

Dinner Join us as we gather for the annual May Dinner and International Relations program! This very special evening will be filled with exceptional food, wonderful camaraderie with members and guests, and a fascinating and interactive program. This year's speaker is AAUW International Fellowship recipient Dr. Omosalewa Olaoluwa (Ola) from Nigeria. Dr. Olaoluwa's specialty is chemistry, as she pursues a post doc in natural products. Do come for an evening to remember and learn.
